

Newborn Artist

Baby on the way? Preserve tiny footprints
and record a birthdate in a unique and fun
way!

Ask us about our Newborn Artist Gift
Certificate!

We'll come to the hospital and make some
prints for Mom & Dad to
enjoy forever.

More Things to do at our studio with your little bundle:

- When they're about a year old, press their hands & feet into soft clay for a lovely plaque. Glaze it to match the nursery.
- Trace their hand and bring it in to make a glass handprint.
- Turn hand & footprints into holiday gifts & keepsakes: a mug for Grandma, Grandpa's popcorn bowl, a picture frame for Auntie and a turkey platter for the whole family!
- Put prints onto tiles that can be grouted into a backsplash, stair risers, or a lovely mirror frame.
- Make fingerprint designs: fish, caterpillars, birds & more!
- When they're old enough, have them design their own toothfairy box!.....The possibilities are endless!
